

I am writing to support KLOVE radio and its FM translator station in my area. I am against LPFM carriers and the threat they pose to stations that broadcast over FM frequencies. KLOVE radio provides me with positive, uplifting, encouraging, and supportive music that reflects my beliefs and lifestyle that I cannot get from other stations. I choose not to listen to secular radio because of the content of lyrics and violence contained in much of the music and christian radio provides me with an alternative. LPFM stations possibly would prevent me from being able to continue to receive KLOVE radio in my area.
